SECTION 5: License Required.

a) **General requirement.** No person, except a wholesaler or manufacturer to the extent authorized under state license, shall directly or indirectly deal in, sell, or keep for sale in the city any intoxicating liquor without a license to do so as provided in this ordinance. a) **Preliminary Investigation.** On an initial application for an on-sale license and on application for a transfer of any existing on-sale license, the applicant shall pay with his application an investigation fee of \$50.00 and the city shall conduct a preliminary background and financial investigation of the applicant. The application in such case shall be made on a form prescribed by the state bureau of criminal apprehension and with such additional information as the council may require. If the council deems it in the public interest to have an investigation made on a particular application for a renewal of an on-sale license, it shall so determine. In any case, if the council determines that a comprehensive background and financial investigation of the applicant is necessary, it may conduct the investigation itself or contract with the bureau of criminal investigation for the investigation. No license shall be issued, transferred, or renewed if the results show to the satisfaction of the council that issuance would not be in the public interest. If an investigation outside the state is required, the applicant shall be charged the cost, not to exceed \$10,000.00 which shall be paid by the applicant after deducting and initial investigation fee already paid. The fee shall be payable by the applicant whether or not the license is granted.

b) **Hearing and Issuance.** The city shall investigate all fact set out in the application and not investigated in the preliminary background and financial investigation conducted pursuant to Subdivision 1. Opportunity shall be given to any person to be heard for or against the granting of the license. No 'on-sale' license shall become effective until it, together with the security furnished by the applicant, has been approved by the commissioner of public safety.

c) **Person and Premises licensed; transfer.** Each license shall be issued only to the applicant and for the premises described in the application. No license may be transferred to another person without city council approval. Any transfer of stock of a corporate license is deemed a transfer of the license, and a transfer of stock without prior council approval is a ground for revocation of the license.

SECTION 9: Persons Ineligible for License.

SECTION 13: Suspension and Revocation.

The council shall either suspend for up to 60 days or revoke any liquor license, or impose a civil fine not to exceed \$2,000.00, for each violation upon a finding that the licensee has failed to comply with any applicable statute, regulation, or ordinance relating to alcoholic beverages. Except in cases of failure of financial responsibility no suspension or revocation shall take effect until the licensee has been afforded an opportunity for a hearing pursuant to Minnesota Statutes Sections 14.57 to 14.70 of the administrative procedure act.

Lapse of required dram shop insurance or bond, or withdrawal of a required deposit of cash or securities, shall effect an immediate suspension of any license issued pursuant to this ordinance without further action of the city council. Notice of cancellation, lapse of a current liquor liability policy or bond, or withdrawal of deposited cash or securities shall also constitute notice to the licensee of the impending suspension of the license. The holder of a license who has received notice of lapse of required insurance or bond, or withdrawal of a required deposit, or of suspension or revocation of a license, may request a hearing thereon and if such a request is made in writing to the clerk a hearing shall be granted within 10 days or such longer period as may be requested. Any suspicion under this paragraph shall continue until the City Council determines that the financial responsibility requirements of this ordinance have again been met.
